

## Amanda Shaffner, DMD, MS

Dr. Amanda Shaffner received her undergraduate degree in Biology from Bellarmine University in 2006. She went on to graduate dental school as a member of the Dean's List from The University of Louisville School of Dentistry where she received her Doctor of Dental Medicine (DMD).

After completing dental school in her hometown of Louisville, Kentucky, Dr. Shaffner worked for a year in an Advanced Education General Dentistry (AEGD) residency in Cincinnati. She then moved to Denver, Colorado for her orthodontic residency at the University of Colorado.

She has been working as a general dentist for the past four years in Denver in both private practice and emergency care to keep up with her understanding of interdisciplinary dentistry. Dr. Shaffner is a member of multiple professional organizations including the American Association of Orthodontics, the American Dental Association and the American Dental Political Action committee (ADPAC). In addition, she has volunteered her time and dental skills through volunteer opportunities including the Make-A-Wish Foundation and events that educate elementary students on proper dental hygiene.

When not practicing dentistry, she enjoys projects with reclaimed wood and interior design, eating at great restaurants, and outdoor activities-she is always up for a fun adventure!

She will be specializing in providing orthodontic care at both the PERFECT TEETH™-Monaco and PERFECT TEETH™-Wadsworth locations. We look forward to introducing you to Dr. Amanda Shaffner in person!
