

## Ambreen Sandhu, DDS

Dr. Ambreen Sandhu received her undergraduate education in Biology and Psychology from the University of Toronto in Canada. She went on to graduate dental school with honors from the University of Detroit Mercy where she received her Doctor of Dental Surgery (DDS).

Dr. Sandhu is a member of the American Dental Association as well as the Arizona Dental Association. She also participates in continuing education courses to keep up with the newest developments in the field of dentistry.

Dr. Sandhu truly enjoys being a dentist. “I absolutely love being a dentist because of the artistry that is involved, and the ability to work with my patients at a personal level.” She made the decision to join PERFECT TEETH™ because the organization allows her the freedom to practice dentistry the way it should be practiced. “I strive to provide excellence in dentistry by following the ‘Patients First’ philosophy. I like to involve my patients in the decision making process by trying to understand their fears and expectations, to achieve successful treatment outcomes.”

When not practicing dentistry, Dr. Sandhu enjoys spending time hiking, reading, trying new recipes and watching movies. What makes her smile? She enjoys visiting new places and different cultures with her husband. Even so, she always enjoys going back to Toronto to visit her family.

We cannot wait for you to meet Dr. Ambreen Sandhu!
