

PERFECT TEETH™ Launches New Program to Provide Donated Dental Care

Dental practices across Colorado, New Mexico and Arizona partner with local agencies to provide complimentary dental care to individuals in need

Denver, CO (PRWEB) September 17, 2014

PERFECT TEETH™, a network of dental offices in Colorado, New Mexico and Arizona operated by Birner Dental Management Services, Inc. (NASDAQ Capital Market: BDMS), announced today PERFECT TEETH™ Gives, a collection of community-based partnerships in Colorado, New Mexico and Arizona that provide donated dental care to individuals in need.

Established in 1995, PERFECT TEETH™ is the largest provider of high-quality, comprehensive dental care in Colorado and New Mexico with a growing presence in Arizona. The Gives program provides each office the opportunity to offer complimentary dental care to individuals in need within their local community.

“As we strive to become the GOLD STANDARD in patient care and service within the markets we serve, we recognize there are people within these markets without the financial resources for dental care,” said Fred Birner, chief executive officer of BDMS. “Our Gives program allows us to give back to the community while changing people’s lives through a donation of dental care.”

PERFECT TEETH™ Gives partners with local agencies to identify individuals in need of dental care but without adequate financial resources to pay for the services. The Gives program has partnered with agencies in multiple counties in Colorado including: Boulder, Douglas, Jefferson and Larimer, and is in talks with a number of other agencies in the region they serve.

The PERFECT TEETH™ network of dental offices is the largest provider of dental services throughout Colorado and New Mexico with a growing presence in Arizona. The company’s Gold Standard commitment has helped guarantee its A+ Better Business Bureau rating, and grow its presence to 67 dental practices with more than 120 dentists providing both general and specialty dental services.
